

A powerful AR solution to streamline your parking partnerships.

GMP's Partner Portal is a one-stop AR-permit solution that makes your parking partnerships more profitable and transparent. Provide your retail and corporate partners with user-friendly self-serve portals through which they can take control of their user accounts, manage invoices and make bulk payments.

Faster bulk payments with hassle-free, automated invoices

- Automated invoice generation for permits, sessions, and validations
- Configure must-takes and overage charges for corporate accounts
- A self-serve portal for your corporate and retail partners
- Get AR aging reports, account lists, and more!
- Update and process cheque payments in bulk
- Distribute and track retail validations
