

Ticketless AI-PARCS

ExpressLane sets up super-fast parking and payments with AI-assisted License Plate Matching. Parkers can drive in and out without stopping – parking sessions are created automatically as cameras identify both new and regular parkers. They can add a payment method online or tap a card to exit – ticketless, cashless, and lightning-fast!

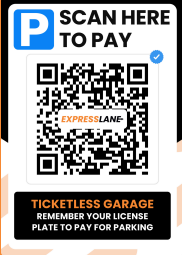

Payment Options

Card on File

One-time app registration for automated payments

OR

App-Less

Scan a QR code for a one-time, app-less payment

OR

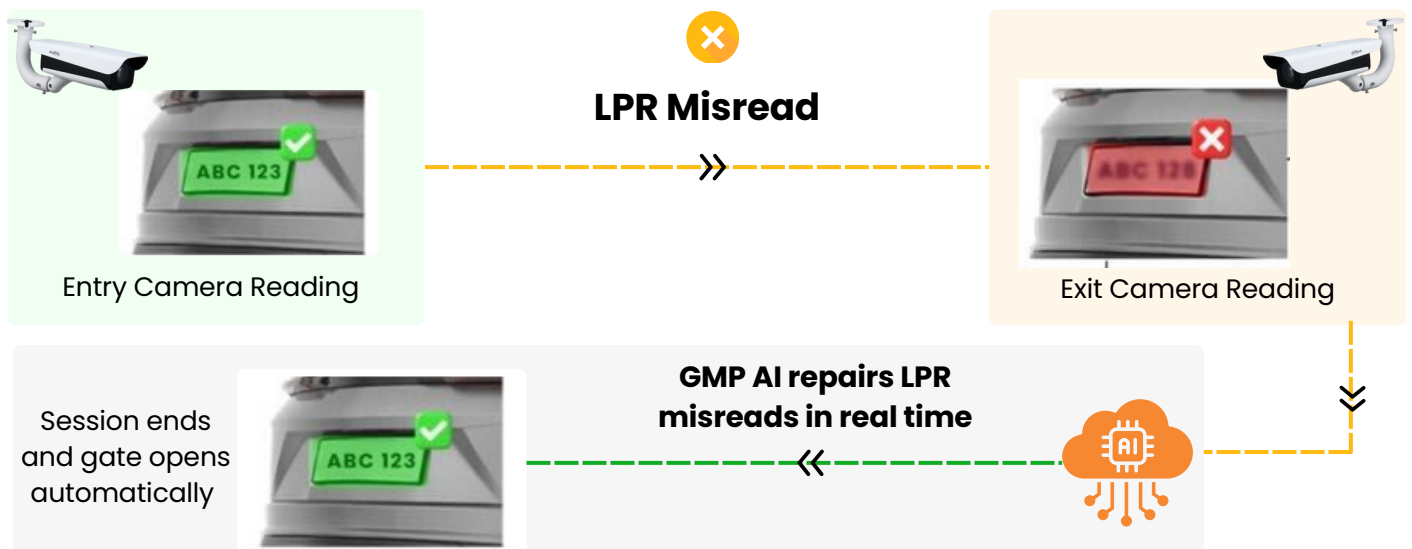

Tap & Park

Tap a credit card on exit to record payment

GMP AI for Flawless License Plate Matching

ExpressLane is a fully managed service where GMP AI repairs and closes sessions if the LPR system misreads a license plate.
