

# Ticketless AI-PARCS

ExpressLane lets you set up superfast app and app-less parking with AI-assisted License Plate Matching technology. Parkers can drive in and out without stopping; parking sessions are automatically created as cameras identify new and regular parkers. Parkers can add a payment method online or tap a card to exit - ticketless, cashless, and lightning-fast!

### Payment Options

**Card on File**  
One-time app registration for automated payments

OR

**App-Less**  
Scan QR code for an app-less one-time payment

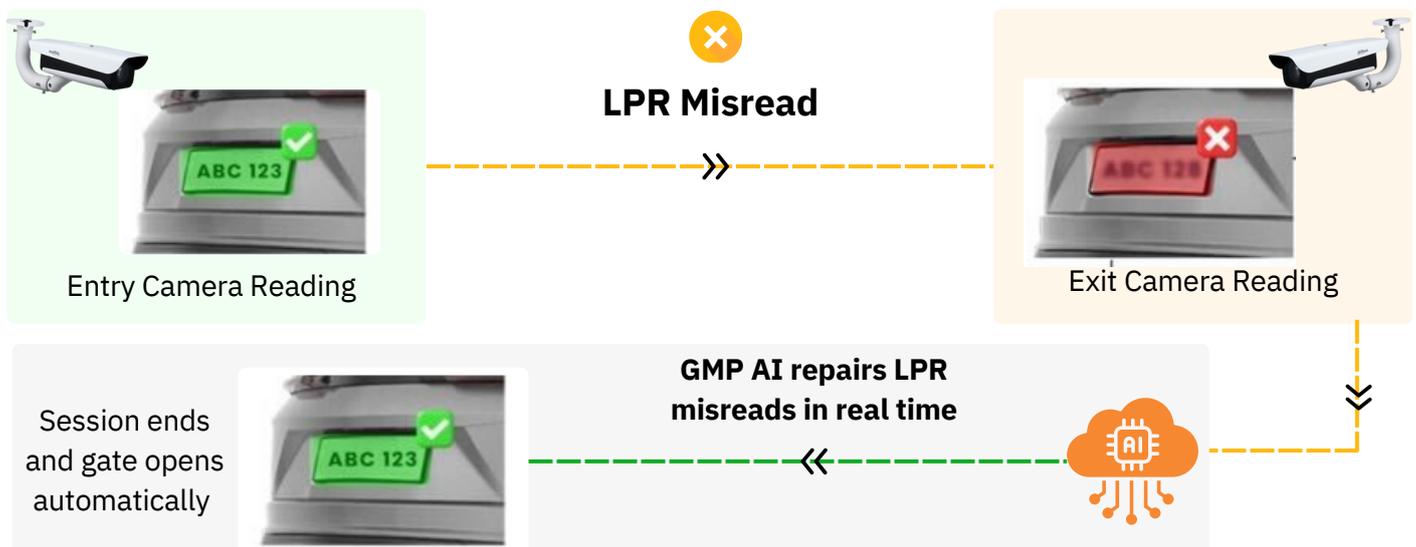

OR

**Tap to Pay**  
Tap a credit card on exit to record payment

## GMP AI Matching

ExpressLane is a fully managed service where GMP AI repairs and closes sessions when LPR misreads a license plate

## ExpressLane Configurations

	Entry	Exit	Payment control
Gated Lot	Barrier	Barrier	On Exit
Gate at Exit	Barrierless	Barrier	On Exit
Gateless	Barrierless	Barrierless	Enforcement

## Retrofits your Existing Gates

ExpressLane works with your existing PARCS so you don't have to spend a fortune on upgrading your current hardware.

Camera

Gate Kit

Card Reader

Display Kiosk  
(Optional)

Deploying a new ExpressLane would cost less than \$2000 per lane.

## ExpressLane works with powerful add-ons
