

Flexible Permit Offerings

Self-Serve Partner Portal

White-labeled solution

Corporate Permit Management

The fastest growing monthly parking system.

GMP Permit is an online parking permit management platform that helps operators digitize their parking permit business. It comes with a custom-branded app and web app for parkers to purchase and manage their monthly parking needs online.

Features

- Pre-sell parking sessions to fleets owned by mobility and logistics companies.
- Build loyalty and a visible revenue stream from your monthly parkers
- Customizable Flexi-permits for parkers with a hybrid work schedule
- Enable promo codes, discounts, and customized tariffs for parkers.
- Centralized permit management dashboard for admins
- Multi-access parking using universal digital credentials

Trusted By Market Leaders

An operator in Italy needed to track the usage of monthly parkers in their gateless parking lots. They wanted to let their parkers purchase passes online. GMP Permit provided a centralized dashboard for admins and a custom-branded web-app for permit purchase. Within two months, about 90% of their parkers switched to buying permits online.
