

Smart Parking for a Smarter Campus

Your Campus. Your Colors. Your Parking App.

Get a parking solution custom-built for your university, with everything white-labeled to match your university colors and logo.

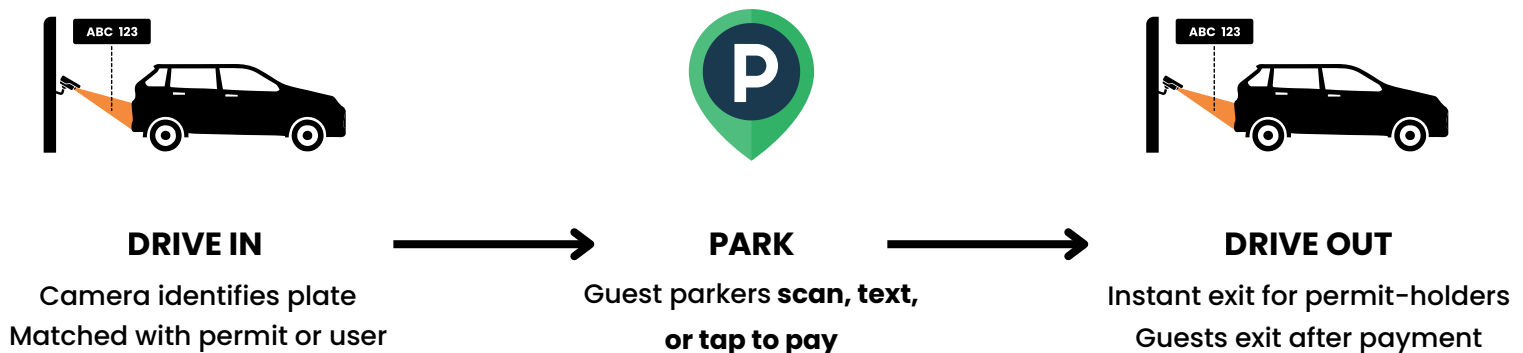

Custom-branded app and
web portals

App-free options
(scan, text, or tap to pay)

3x faster entry/exit with AI-LPR. Don't let parking delay classes.

GMP AI fixes LPR misreads in real time, **reducing support calls by up to 84%**

Make monthlies easier for everyone with less paperwork

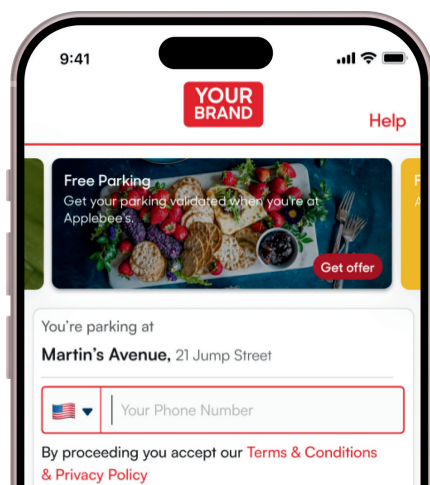

Get a fully digitized, self-serve system where almost everything is automated.

-  Parkers apply and upload documents via app/website
-  Admins create, approve, or assign permits remotely
-  Parkers can update permits or license plates on the go

Set up parking **anywhere**, with **whatever** you have!

Upgrade your existing equipment with GMP's GateKit, saving up to **90% on CapEx**.

Or turn any gateless lot into a digital parking location with **just a QR code**!

Turn your **app** into a campus channel

- ✓ Run in-app ads and push notifications
- ✓ Promote university events, PSAs, and offers
- ✓ Sell ad space to sponsors and campus partners

Get full campus **visibility** and control.

- ✓ Monitor and vend your gates and lanes
- ✓ Set and test parking rates, permits, and offers
- ✓ Update parking rates in real time
- ✓ Custom validations for each vendor or department
- ✓ Verify parker info and initiate refunds
- ✓ Powerful enforcement tools and integrations

Futureproof your assets with **AI-PARCS**.

Set up EV charging services

100+ Plug & Play integrations

Special passes/rates for events

Nested parking for staff and VIPs
