GMP EV

get my PARKING
where mobility begins

Integrates with any EV charger

Compliant with OCPI standards

Get started with just a QR Code

User-friendly admin tools

Offer EV charging through a white-label parking app.

Set up sessions and payments for your EV charging services on a custom-branded app. Help users find your locations with EV charging stations, use your services and pay online. **Just one payment to park & charge.**

A bolt icon in-app for locations with EV charging

Pay once to park and charge

Scan a QR to park and charge

OCPI-compliant solutions

Track EV stats on centralized reports

Live reports on energy consumption
